Project Abridged Description

02/08

BREWY AI CHATBOT

Ask Brewy to explain what the 50-30-20 financial model is

Efficacy

- **Goal:** Chatbot must fully explain the 50-30-20 budgeting method.
- **Performance indicators:** 95% accuracy, ≤ 2 prompts on average to obtain expected answer.

Efficiency

- **Goal:** Near-instant results.
- **Performance indicators:** Task completion in < 20 seconds, access in ≤ 3 taps and view output ≤ 1 tap after sending the prompt.

Satisfaction

- **Goal:** Overall positive user reaction.
- **Performance indicators:** 4/5+ average rating, positive feedback and minimal user complaints.

EXPENSE MANAGEMENT

Cancel Spotify subscription upon notification of 10+ days of inactivity

Efficacy

- **Goal:** Successful cancelation of the inactive Spotify subscription.
- **Performance indicators:** 95% users complete task without error, no incorrect deletions or inconsistencies in expenses.

Efficiency

- **Goal:** Quick and low-effort cancelation.
- **Performance indicators:** Average task time < 2 minutes, ≤ 5 user actions, automation reduces the need for manual review by $\geq 40\%$.

Satisfaction

- **Goal:** Overall positive user reaction.
- **Performance indicators:** 4/5 on ease-of-use, 85%+ find task easy, positive feedback on automation.

FINANCIAL LITERACY HUB

Access educational content about Work Contracts, then take quiz

Efficacy

- **Goal:** User learns the content, carries out the respective quiz, and is able to apply it on their financial life.
- **Performance indicators:** user completes the quiz with a positive score.

Efficiency

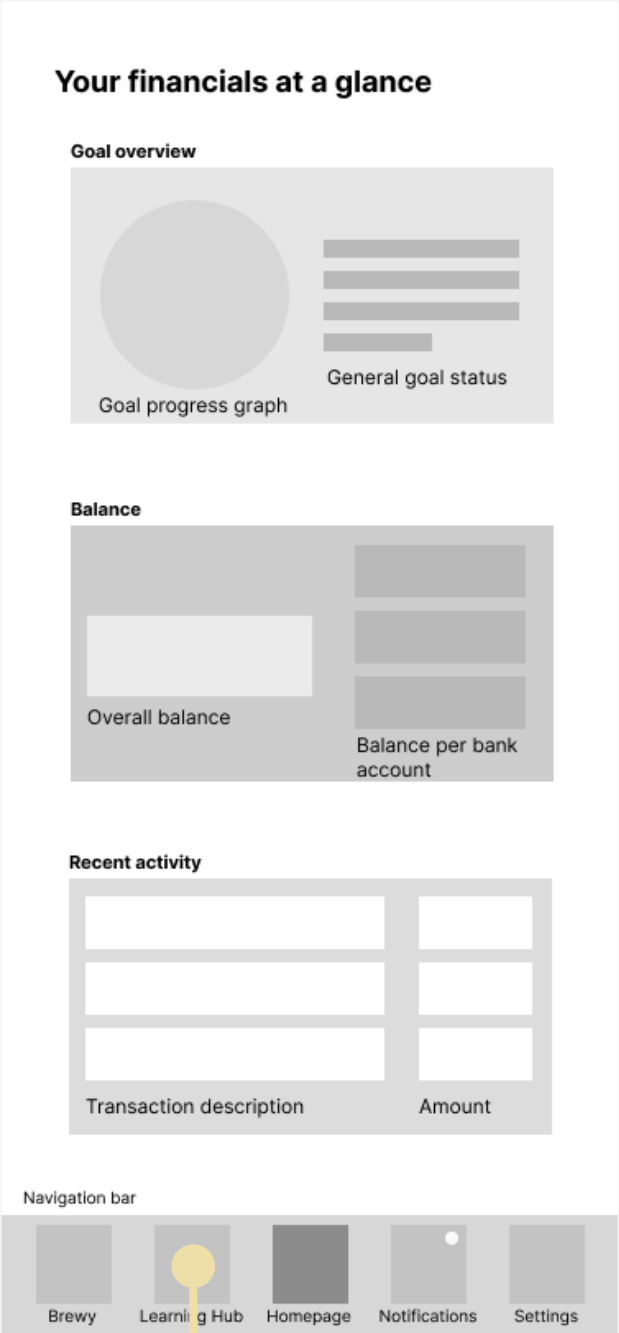

- **Goal:** Minimum resources needed to complete the lesson (summarized content).
- **Performance indicators:** Task time of 5-10 minutes, ≤ 12 user actions required.

Satisfaction

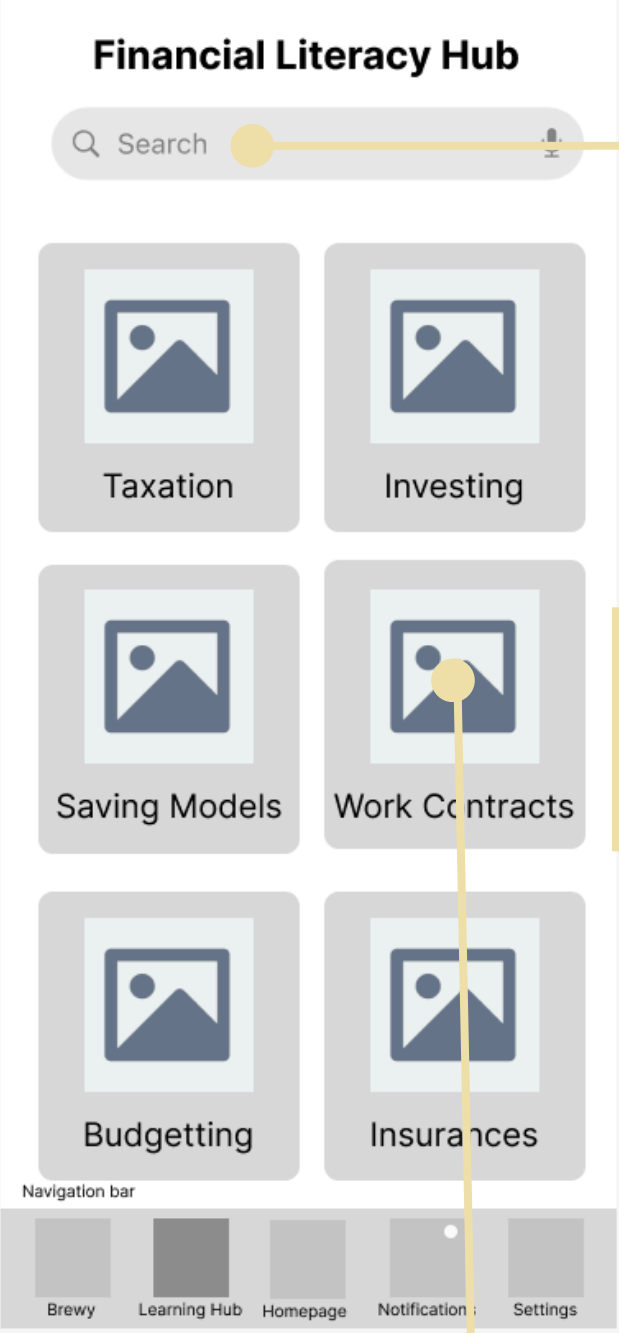

- **Goal:** Overall positive user reaction.
- **Performance indicators:** 4/5+ average score, no user reports of content errors.

Wireflow - Financial Literacy Hub

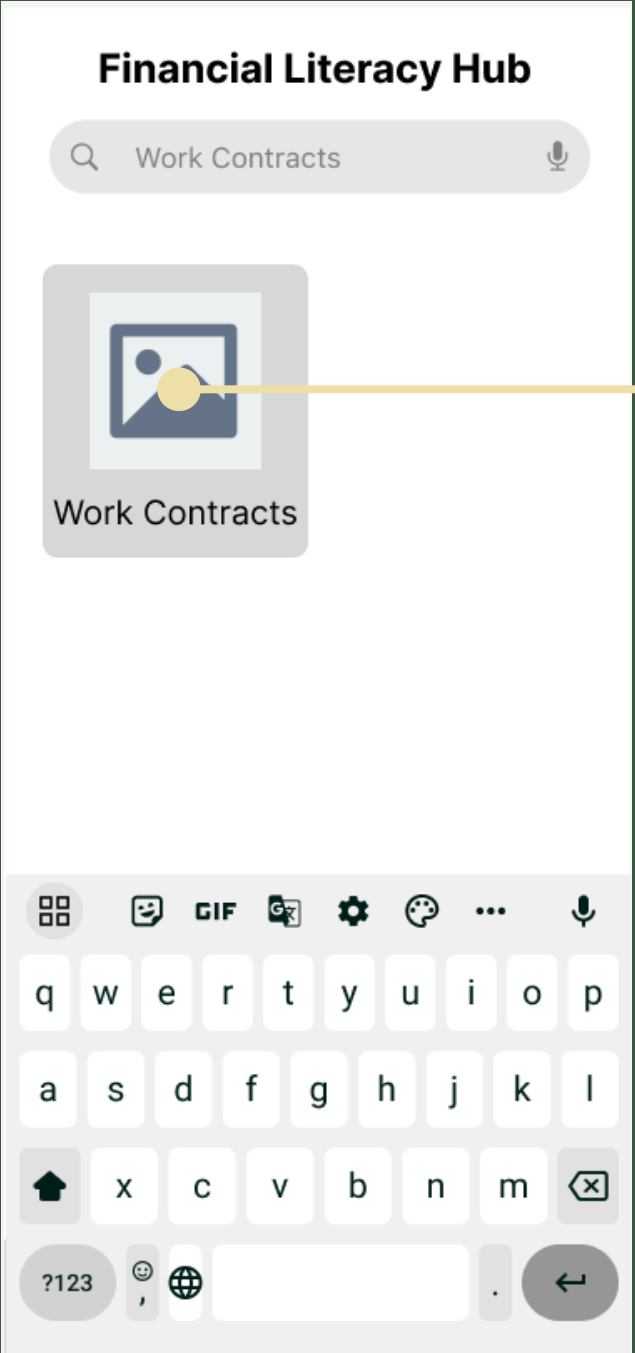

03/08

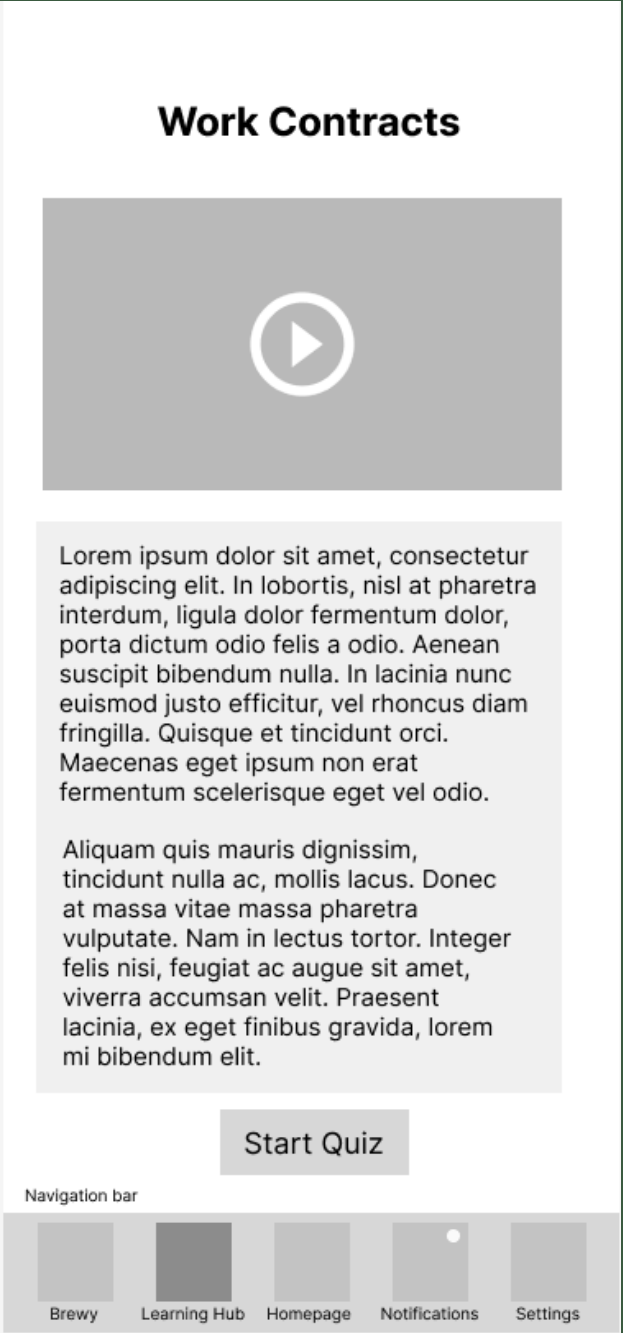

The user clicks on the corresponding button on the navigation bar and goes to the financial literacy hub

Clicking the search bar opens a keyboard for the user to search for specific content

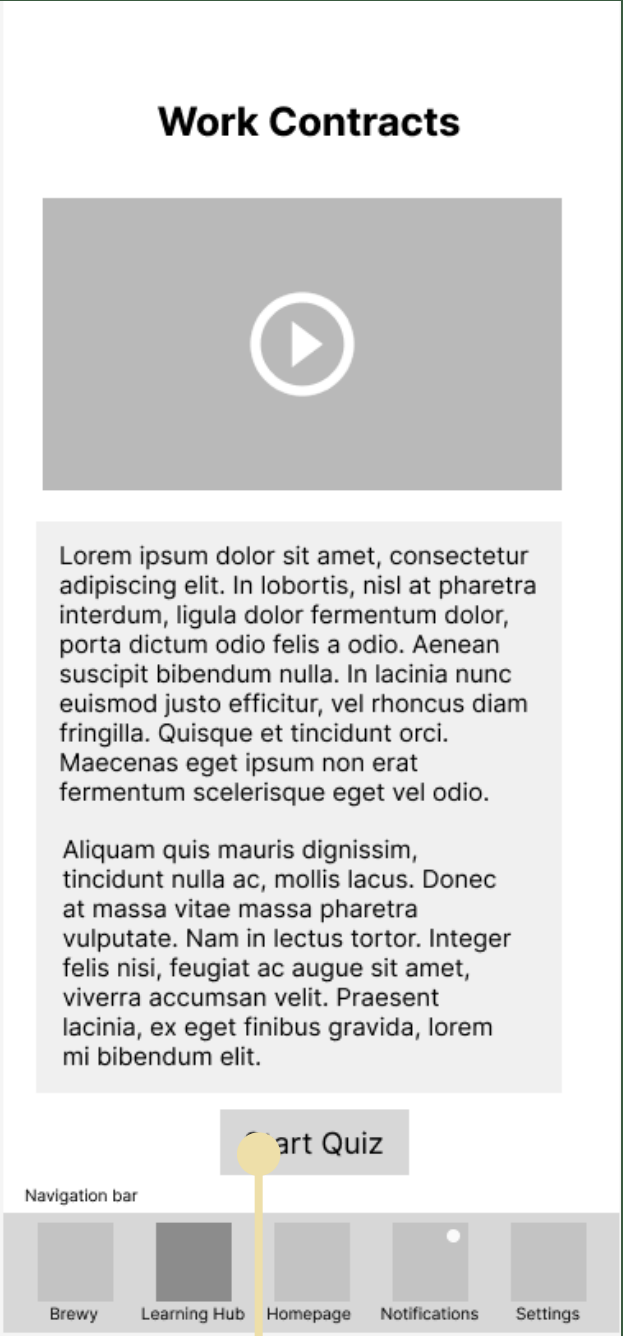

Clicking the card redirects to the content page

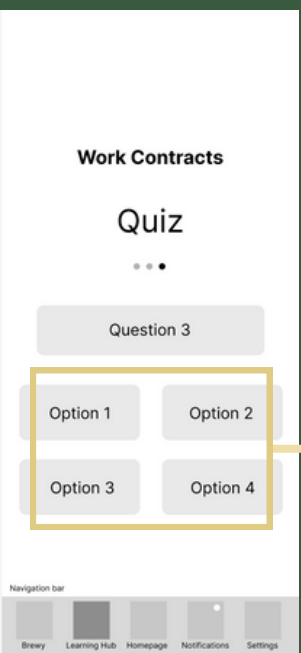

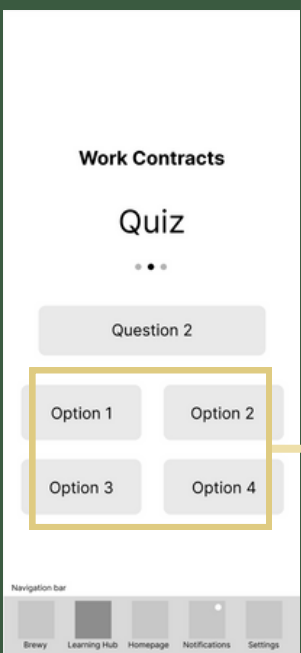

Wireflow - Financial Literacy Hub (cont.)

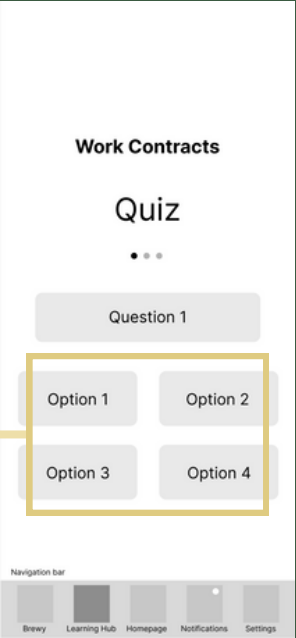

04/08

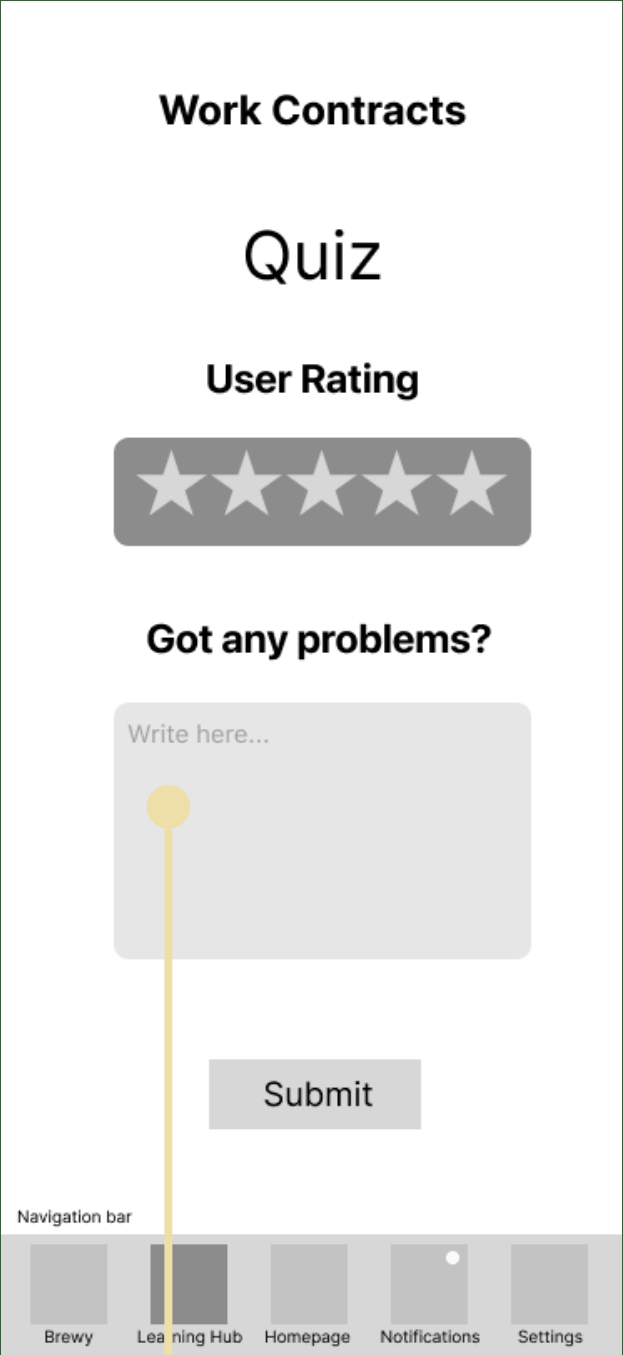

By clicking on the “Start Quiz” button, the user is redirected to the first question

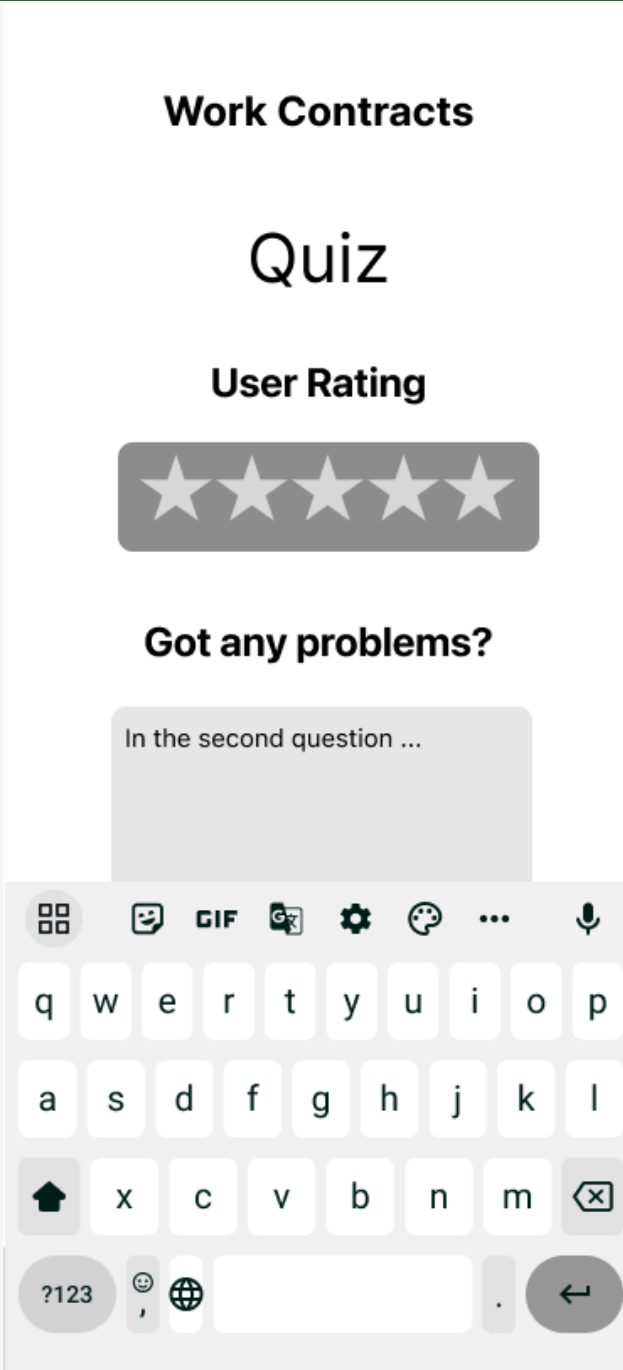

If the user is in the last question, the redirection goes to the feedback page

When in a question page, clicking on an option card redirects the user to the next question

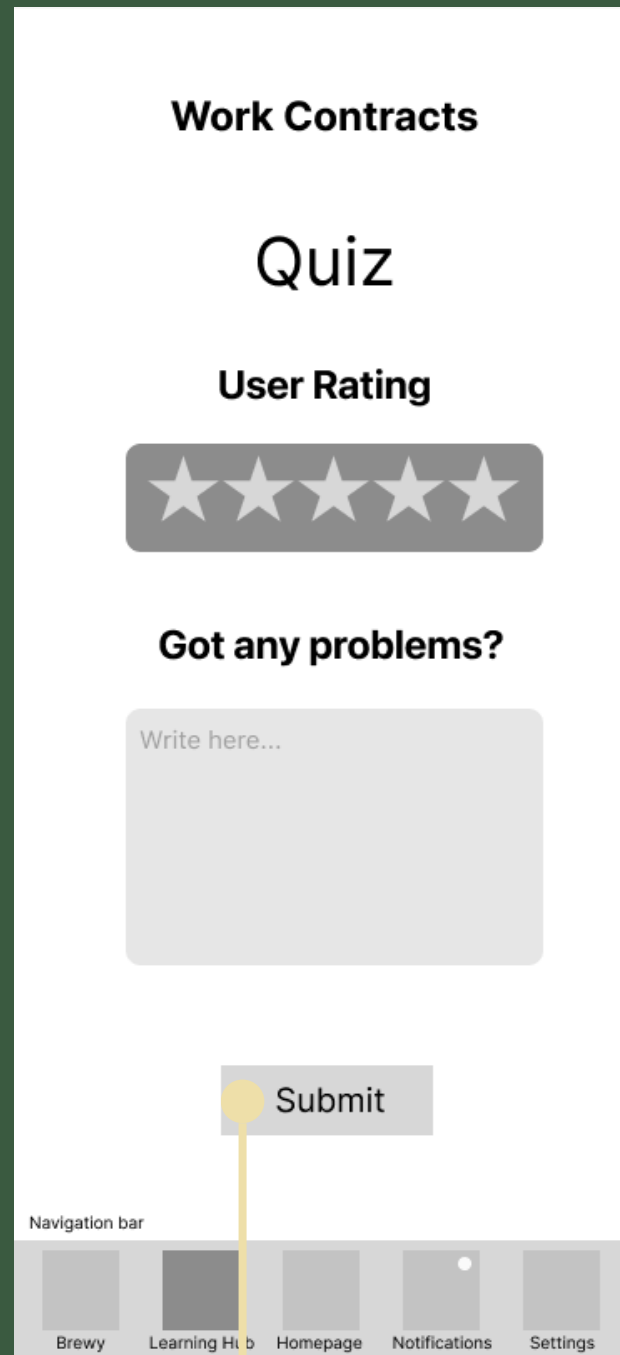

Clicking on the feedback card opens a keyboard, which the user can use to write

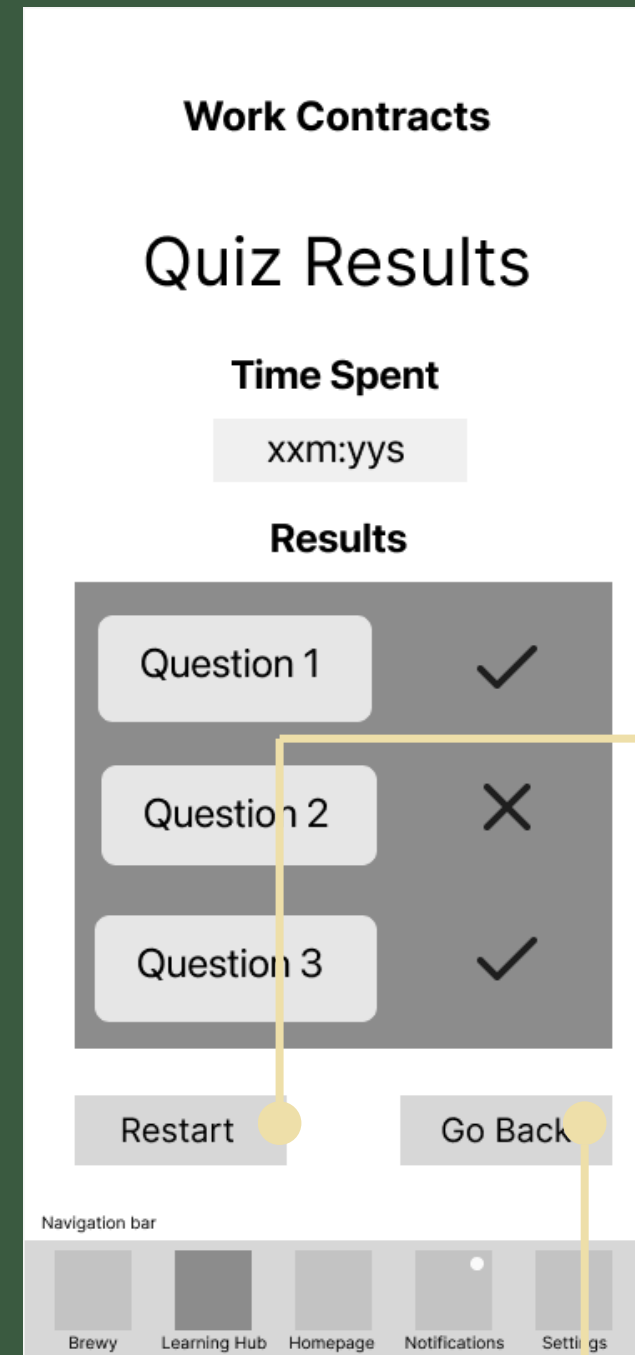

Wireflow - Financial Literacy Hub (cont.)

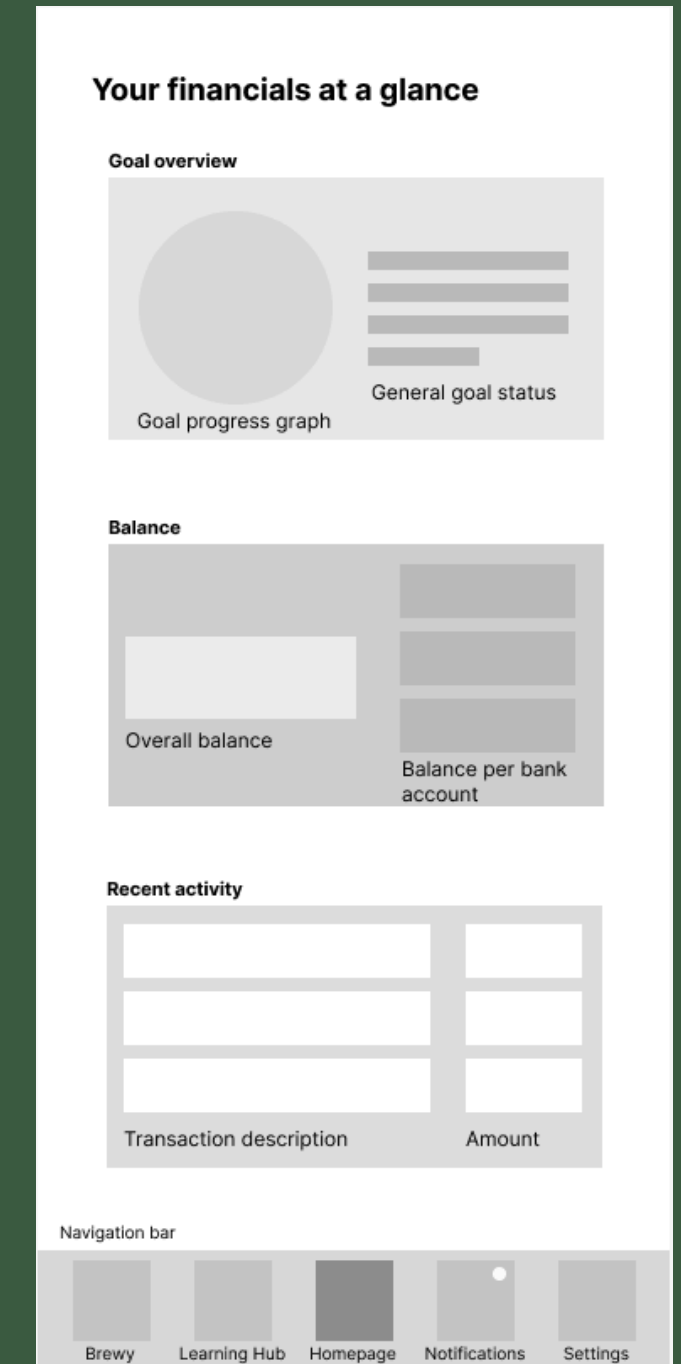

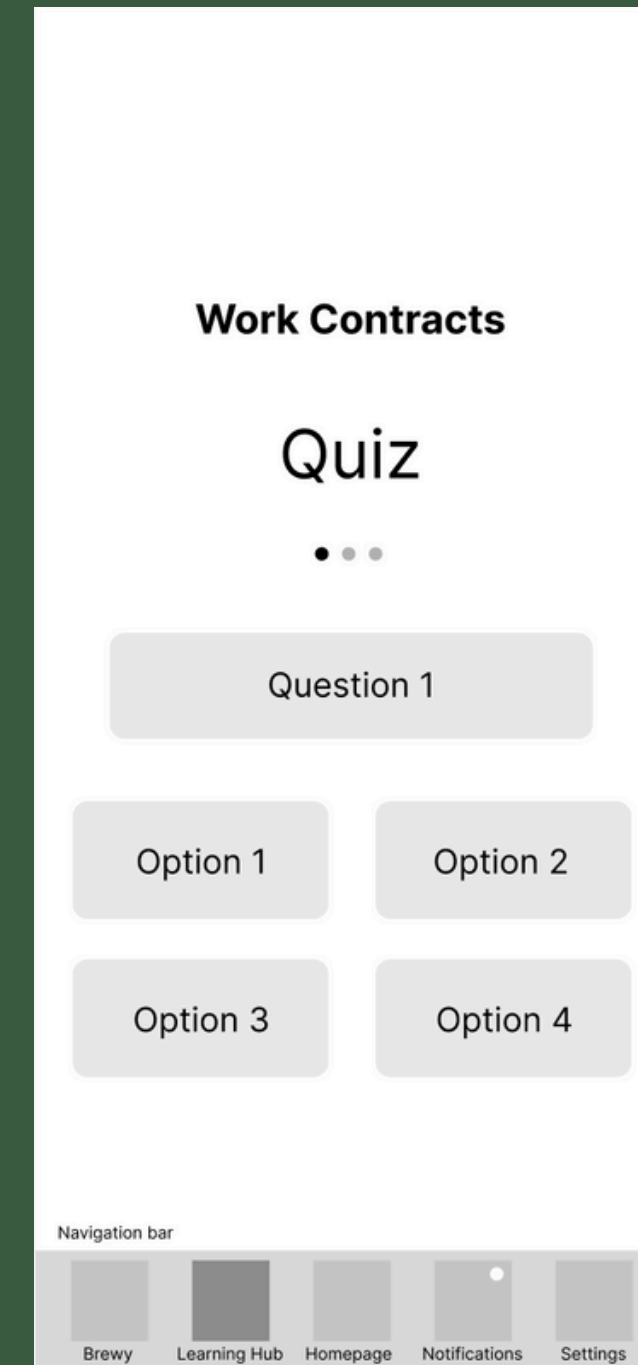

05/08

By clicking on the “Submit” button, the user is redirected to the results page

Clicking on the “Restart” or the “Go Back” buttons, the user will be redirected to the start of the quiz or the home page, respectively

Summary of Heuristics Evaluation Results

06/08

MAJOR ISSUES (4)

USER CONTROL AND FREEDOM

- > **Quiz rating system:** mandatory and forced
- > **Subscription cancellation:** highlighted button pushes action

RECOGNITION RATHER THAN RECALL

- > **Quiz results:** no detailed review available
- > **Chatbot introduction:** too generic, not finance-specific

MINOR ISSUES (6)

VISIBILITY OF SYSTEM STATUS

- > **Quiz:** no clear indication of how many questions are left, and no clear navigation through questions

USER CONTROL AND FREEDOM

- > **Quiz:** no pause/exit options during completion & missing progress indicator
- > **Chatbot:** no message timestamps or editing & no voice or image message support
- > **Subscription:** unclear reversal after cancelation

CONSISTENCY AND STANDARDS

- > **Buttons:** inconsistent labeling ("Yes" vs "Go Back")

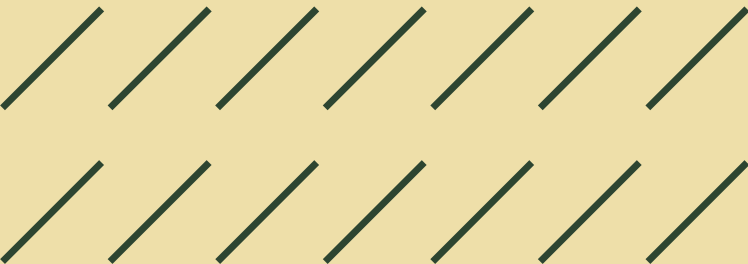

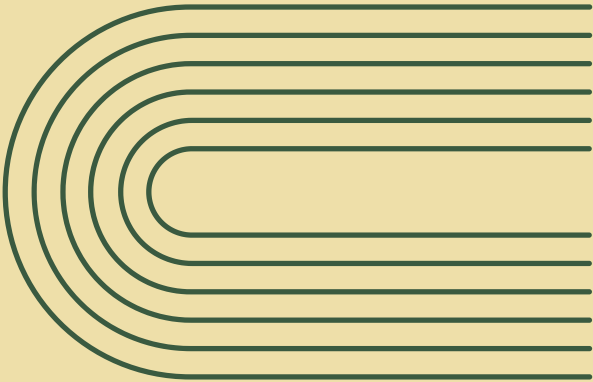

FLEXIBILITY AND EFFICIENCY OF USE

- > **Chatbot:** user can't send voice messages or images

Summary of Heuristics Evaluation Results (cont.)

07/08

COSMETIC ISSUES (2)	
VISIBILITY OF SYSTEM STATUS	HELP AND DOCUMENTATION
> Subscription: unclear access period after cancelation	> Chatbot: missing help icon and documentation

Planned Corrections

08/08

QUIZ EXPERIENCE

Before	After
✗ No answer reviews ✗ Forced rating ✗ Can't pause/exit ✗ No progress shown	✓ Detailed review screen ✓ Optional rating ✓ Pause & exit buttons ✓ Quiz progress

SUBSCRIPTION MANAGEMENT

Before	After
✗ Push towards cancel ✗ Can't undo cancelation ✗ Unclear access end	✓ Balanced button design ✓ 24h reversal period ✓ Clear end notice

CHATBOT IMPROVEMENTS

Before	After
✗ Generic introduction ✗ Text-only messages ✗ No help available	✓ Finance-specific intro ✓ Voice and image support ✓ Help icon with examples
